Dale Knapp dknapp@boyleassociates.net

ENVIRONMENTAL RISK MANAGEMENT

DUE DILIGENCE

- ASTM Transaction Screens
- ASTM Phase I Environmental Site Assessments (ESAs)
- ASTM Phase II Limited Subsurface Investigations (LSIs)
- ASTM Property Condition Assessments (PCAs)
- Record Search and Risk Assessments (RSRAs)
- Radon Sampling
- ALTA Surveys
- Hazardous Materials (Asbestos/Mold/Lead/EPA Regulated Materials) Surveys

COMPREHENSIVE SITE ASSESSMENT

- LSP/LEP/LSRP Services
- Remedial Investigations and Site Remediation
- Brownfield Assessments
- Corrective Action Plans (CAPs) Feasibility Studies, Pilot Testing
- Risk Characterization, Assessments, Closure Reports
- Vapor Intrusion Assessment and Mitigation
- Samplings: Soil, Groundwater, Soil Gas
- Well Installations
- PCB Investigation and Testing
- PFAS Assessment and Sampling
- Quality Assurance Project Plans

ENGINEERING PLANS & REMEDIAL ACTIVITIES

- Cost Estimation
- Remedial Design
- Value Engineering
- Construction Management
- Operation & Maintenance Plans
- Asbestos Abatement Plans
- Decommissioning
- Remedial Oversight and Remedial Operations & Monitoring

COMPLIANCE SUPPORT

- Corrective Action Design and Alternatives Analysis
- Third Party Review
- Insurance Claims and Expert Litigation

EHS & COMPLIANCE

ENVIRONMENTAL HEALTH AND SAFETY

- OSHA Compliance
- Health and Safety Planning and Programs
- Biosafety Program Support
- EHS Multi-Media Audits
- ISO 14001 EMS
- Industrial Hygiene
- Wastewater Engineering and Compliance
- Management Consulting and Regulatory Assistance

ENVIRONMENTAL COMPLIANCE / PERMITTING

- Facility Compliance Audits and Inspections
- Hazards Waste Compliance
- Capital Project Permitting
- Environmental Permits, including Wastewater, Stormwater, Air
- Environmental Plans, i.e. Spill Prevention Control and Countermeasures (SPCCs) Plans and Stormwater Pollution Prevention Plans (SWPPPs)
- AST/UST Compliance, Inspections, and Reports
- City Permits and Plans for Facility Design and Construction
- CERS Management
- Tier II TRI Reporting
- Build and Fire Code Analysis
- Diesel Emission Compliance
- Landfill Compliance

PROCESS HAZARDS SERVICES

- Process Safety Management
- Risk Management Plans
- Hazardous Materials Permitting for Facilities and Tool Installation
- Facility Closure
- Post-Closure Monitoring
- Process Hazards Assessments (PHAs)
- "What-If" Analyses
- Job Hazard Analyses
- Job Safety Analyses
- Review for Green Design

NATURAL RESOURCES

NATURAL RESOURCE MANAGEMENT

- Wetland and Stream Delineations
- Vernal Pool Assessments
- Regulatory Liaison Function
- Soil Surveys
- Botanical Evaluations
- Wildlife Assessments, i.e. Reptile and Amphibian Studies, Invasive Species Surveys, Habitat Evaluations, Eelgrass Monitoring
- Coastal Wetlands Assessments
- Coastal Erosion Studies
- Post Construction Monitoring
- Environmental Inspections
- Peer Review Services
- Expert Witness Testimony
- Function Value Assessments

GIS MAPPING AND DATA SERVICES

- Desktop Site Screening
- Due Diligence/Site Constraints Analyses
- CAD Drafting and Design
- Arcmap/ESRI
- GIS Map Creation
- Database Development and Management

INDUSTRY SECTORS SOLUTIONS

- Solar Energy
- Land Based Wind Energy
- Offshore Windy Energy
- Biomass
- High Voltage Transmission
- Electrical Distribution/Substations
- Submarine Cable Projects
- Marine Structures
- Commercial/Industrial/Residential

PERMITTING AND PROJECT LEADERSHIP

- Municipal, State, and Federal Environmental Permitting
- Complex Project Management
- Market Analysis and Portfolio Strategy Development
- Cost Modeling
- Mitigation Strategy
- Permitting Support
- Liaison to Agencies and Municipalities
- Environmental Impact Statements

Our diverse staff of engineers, hydrogeologists, scientists, industrial hygienists, health and safety experts, compliance specialists, risk assessors, CAD technicians, emergency response specialists, waste water treatment operators and planners hold the industry credentials our clients need, including PE, PG, LSP, LEP, LSRP, CHMM, CIH, CSP, CSS, LSE, CEP, PWS and CWS
